How to plan your journey

- I. Check your starting and destination station, plus any connections, using the symbols shown in 'How to use this map'. Also refer to the Station Index overleaf for additional access and connection details at each station.
- 2. Check your return journey as this may require a different route or use an alternative station entrance.
- 3. Check that you can manage the step and gap from the platform to the train.
- 4. Check planned engineering works and the availability of station lifts at tfl.gov.uk/status-updates or tfl.gov.uk/plan-a-journey, or by calling Transport for London's 24 hour travel information number 0343 222 I234* (Network charges may apply. See tfl.gov.uk/terms for details). Staff help may not be available at Thameslink stations at all times. Please contact the helpline by phone on 0800 058 2844 or by emailing assistedtravel@thameslinkrail

way.com to ensure that

arrangements are in place.

How to use this map

This map highlights all stations where you can get between the platform and street step-free, or change between lines step-free. Stations where this is not possible are shown in light grey. Step-free stations are marked with a coloured symbol and a letter showing the size of the step and gap between the platform and the train, as follows:

The step between the platform and the train is shown by the following symbols:

- **6** 0 50mm (0 2 inches)
- **6** 51 120mm (2 4.7 inches)
- Over I20mm (4.7 inches)

The gap between the platform and the train is shown by the following letters:

- A 0 85mm (0 3.3 inches)
- B 86 180mm (3.3 7 inches)
- C Over 180mm (7 inches)

stairs and/or escalators.

000

At stations marked with these symbols you can change between lines step-free (sometimes only in one direction). You will not be able to get in or out of the station without using

Example

At this station you can change stepfree between the Jubilee and

Bakerloo lines, but not between these lines and the Metropolitan, Circle and Hammersmith & City

At these stations you can change onto National Rail (sometimes only in one direction). Station Name! At stations marked with a blue box

and exclamation mark please arrive at the correct entrance for your direction of travel. Refer to the index overleaf. Please also refer to the Key to symbols on the map.

Examples

These stations have the smallest step and gap and are suitable for most customers including wheelchair users.

BCA

These stations have varying levels of steps and gaps and may be suitable for customers with mobility impairments, those with luggage and buggies, and some

access may only be available at

Printed versions of this map are

updated in May and December.

This map is updated online

throughout the year when

some parts of the platform -

look out for signs.

changes occur.

wheelchair users. This map shows the largest step and gap at each station. The index on the back of this guide shows the average step and gap for all stations which do not have level access. for you to be met. At some of these stations, level

- If you are changing between lines and need the boarding ramp to be operated, please speak to a member of staff on the platform or use the 'information' button on a Help Point.
- If platforms and/or trains are very busy, it may take a while before there is space to get on the train.
- The boarding ramps can take a maximum of 300kg (approx. 47 stone). This includes your weight, the weight of your wheelchair and the weight of anyone assisting you.

Manual boarding ramps

At some stations access to the train is by manual boarding ramp. These stations are shown on the map by \mathbb{R} . If you plan to travel on London Overground or TfL Rail, staff will be available at stations to assist you with your journey. You can pre-book assistance by calling 0343 222 1234*. If you intend to use manual boarding ramps you do not need to book in advance, but please read the information below:

- Speak to a member of staff and let them know where you are travelling to.
- Staff will operate the boarding ramp and assist you with getting on the train if you require.
- If required, staff will arrange for you to be met at your interchange or destination by a member of staff with a boarding ramp.
- If you are boarding at a station with level access (shown by lacktriangle) and travelling to a station with a boarding ramp, please speak to a member of staff before boarding the train, so that they can arrange

Example step-free journey: Chalfont & Latimer to Forest Hill

Find Chalfont & Latimer! on the map. The blue box and the ! symbol mean that you need to use a specific entrance to the station for your direction of travel – as stated in the index, it is the Bedford Avenue entrance.

Take the Metropolitan line southbound (lacktriangle) to Finchley Road, which has step-free interchange only (no step-free entrance/exit) (). The index tells you the size of the step and gap (). Change onto the Jubilee line (B) step 163mm/ gap (20mm) – as stated in the index, you can only change lines travelling in the same direction (e.g. southbound Metropolitan line to southbound Jubilee line).

Stay on the Jubilee line to Canada Water (A). Speak to staff at the station to arrange for you to be met at Forest Hill with a manual boarding ramp (R). Take the London Overground service towards Crystal Palace or West Croydon (<u>(step 75mm/gap 4mm)</u>. Arrive at Forest Hill.

Further journey nformation

If you experience problems with your planned route contact a member of staff at the station (or use the Help Point).

If you need assistance please ask a member of staff who will assist you if they are able and it is safe to do so.

If you are unable to complete your planned step-free journey because the lifts are out of service, we will help you find an accessible route to your destination, including booking you a taxi if there is no suitable route by public transport.
